

BAV Mitteilungen

Index of the BAV Mitteilungen No. 1 to 199

Grimm, W.; Hübscher, J.; Quester, W.

(BAV Mitteilungen No. 200)

Since the foundation of the BAV in 1950 the observational results from BAV members have been published in 199 communication papers, called BAV Mitteilungen. The main target audience of these bulletins are professional astronomers.

This issue contains an index of all BAV Mitteilungen. On the website of the BAV (<http://www.bav-astro.de/sfs/mitteilungen.php>) you will find them for reading, downloading or in particular cases, due to copyright reasons, a link to the original paper.

On the last page we publish a cross-reference from the BAV Mitteilungen to IBVS, where we have published more than one hundred of them, and vice versa.
